

Google Authenticator app

Wolf Creek security guide

Security reminder: Stop when a request feels unusual or urgent. Verify it using a trusted method and contact Technology Services if you are unsure.

STEP 1 Open two-step verification

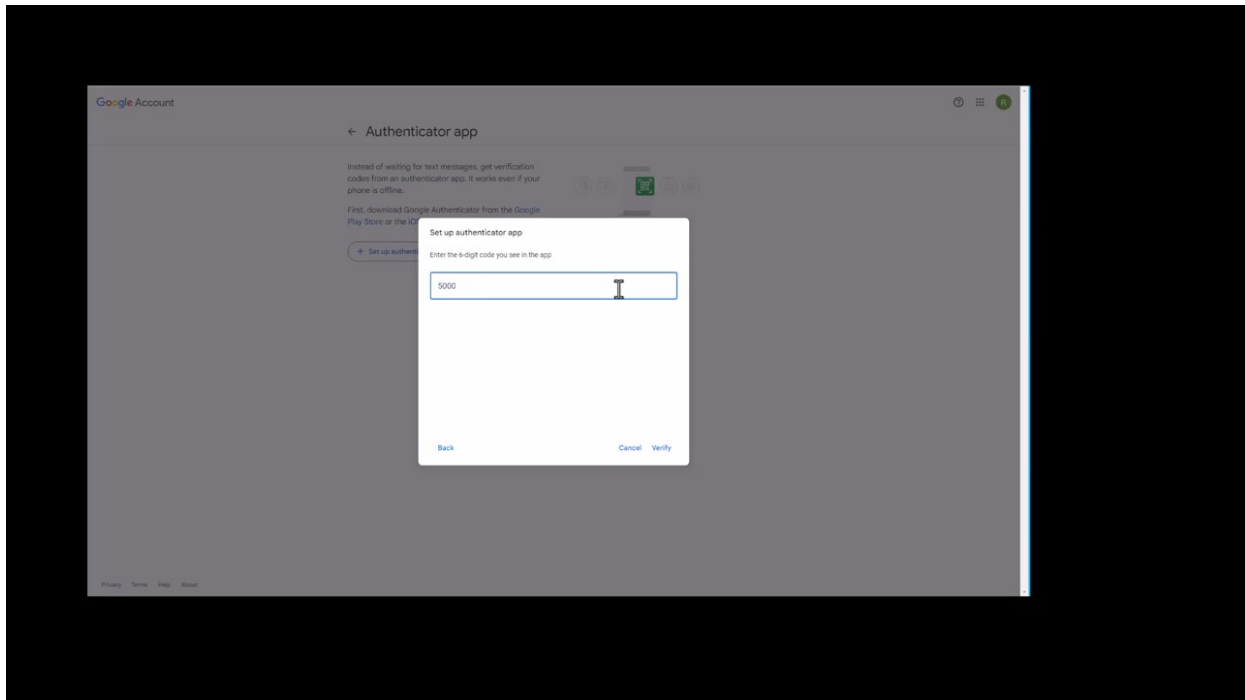

Open your Google Account security settings and select 2-Step Verification.

Video reference: Open two-step verification.

STEP 2 Choose Authenticator

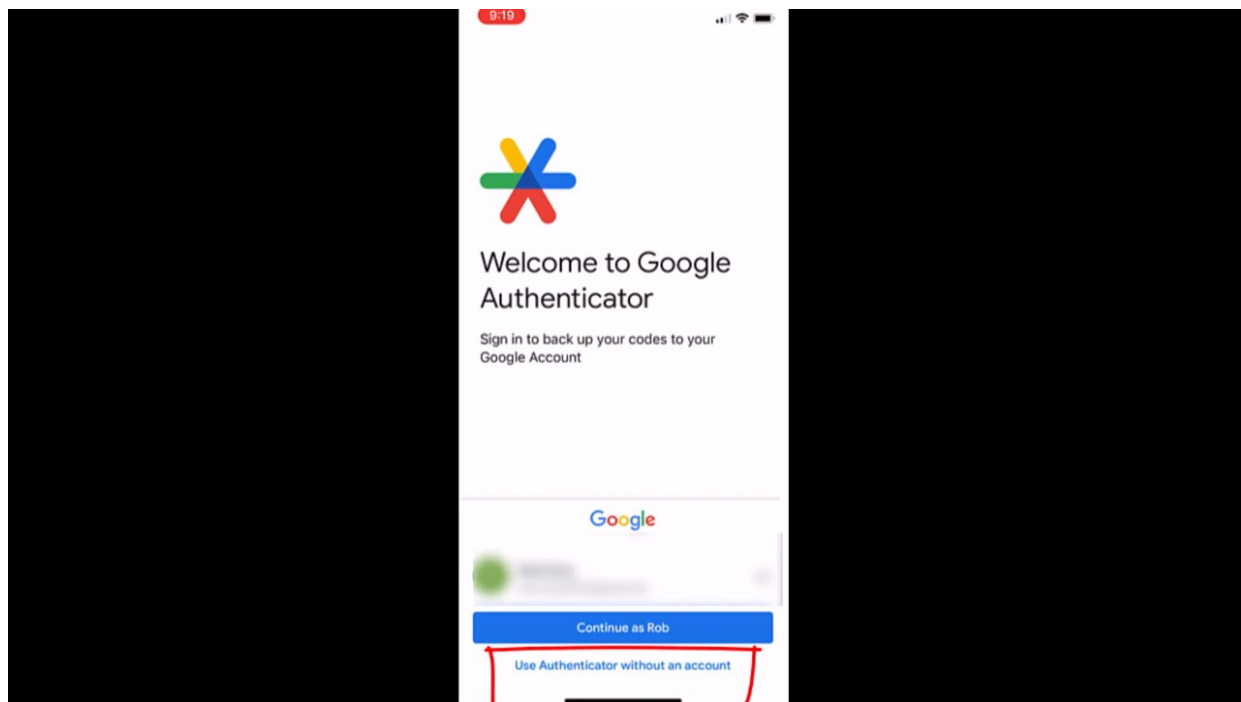

Select the Authenticator app option and begin setup.

Video reference: Choose Authenticator.

STEP 3 Scan the QR code

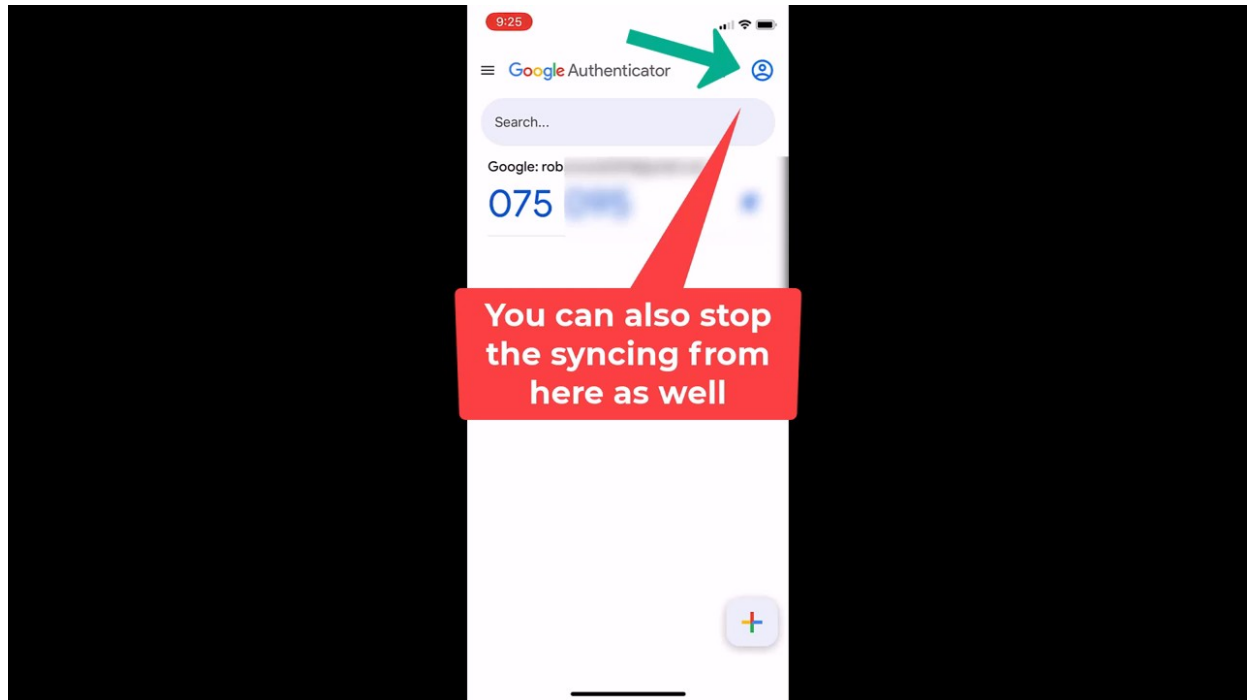

Open Google Authenticator, add an account, and scan the QR code shown on the computer.

Video reference: Scan the QR code.

STEP 4 Verify the setup

Enter the current six-digit code and confirm Authenticator is listed as a sign-in method.

Video reference: Verify the setup.

Need help?

If you are unsure whether a message, sign-in, extension, or request is safe, stop and submit a Technology Services work order at <https://wcps.freshdesk.com/>.
