

Google Smart Lock for 2FA

Wolf Creek security guide

Security reminder: Stop when a request feels unusual or urgent. Verify it using a trusted method and contact Technology Services if you are unsure.

STEP 1 Open two-step verification

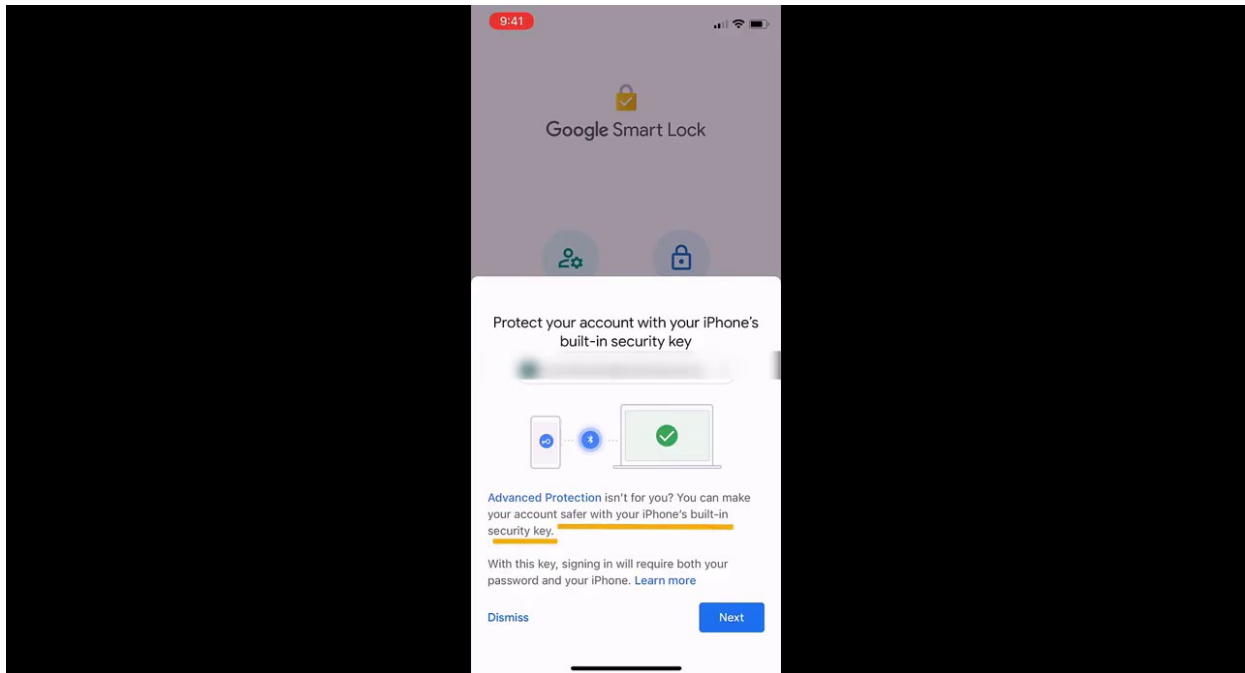

Open your Google Account security settings and select 2-Step Verification.

Video reference: Open two-step verification.

STEP 2 Choose the phone prompt option

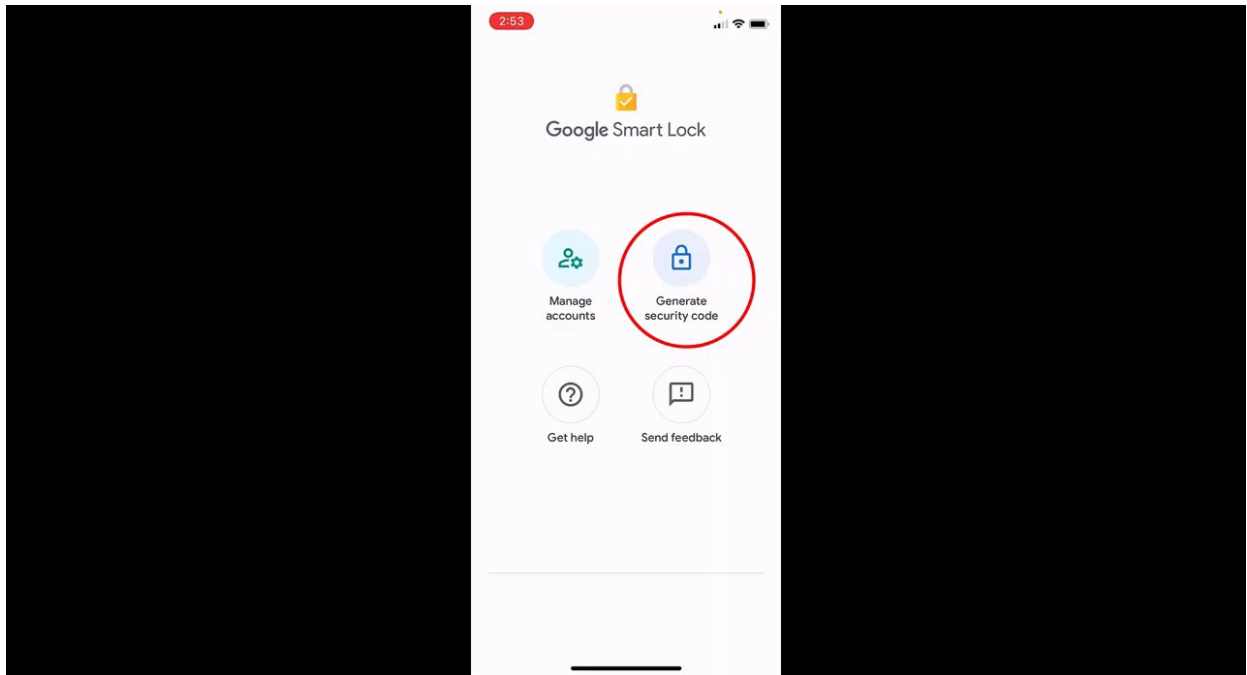

Select the available Google prompt or Smart Lock option for your managed account.

Video reference: Choose the phone prompt option.

STEP 3 Confirm the phone

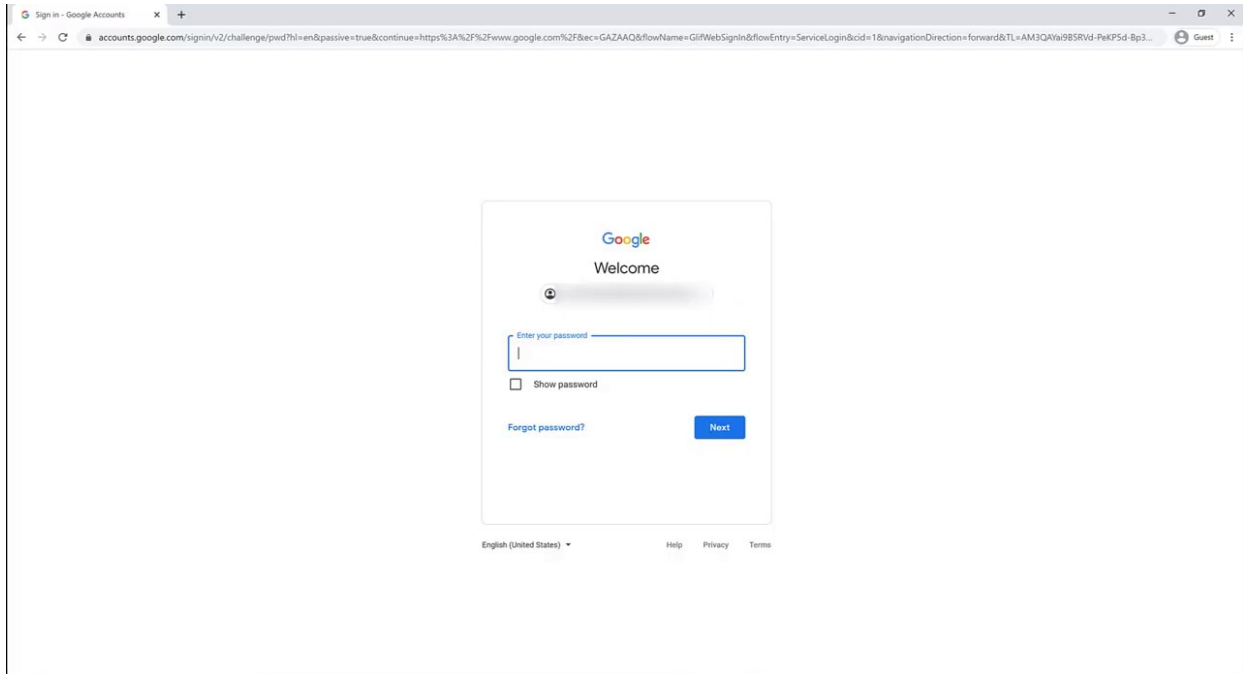

Follow the prompts on the phone that is signed in to the same Google account.

Video reference: Confirm the phone.

STEP 4 Test and add backup access

Complete a test sign-in and make sure another approved verification method is available if the phone is lost.

Video reference: Test and add backup access.

Need help?

If you are unsure whether a message, sign-in, extension, or request is safe, stop and submit a Technology Services work order at <https://wcps.freshdesk.com/>.
