

Understanding Installing and removing Chrome Extensions

Wolf Creek security guide

Security reminder: Stop when a request feels unusual or urgent. Verify it using a trusted method and contact Technology Services if you are unsure.

STEP 1 Open the extensions page

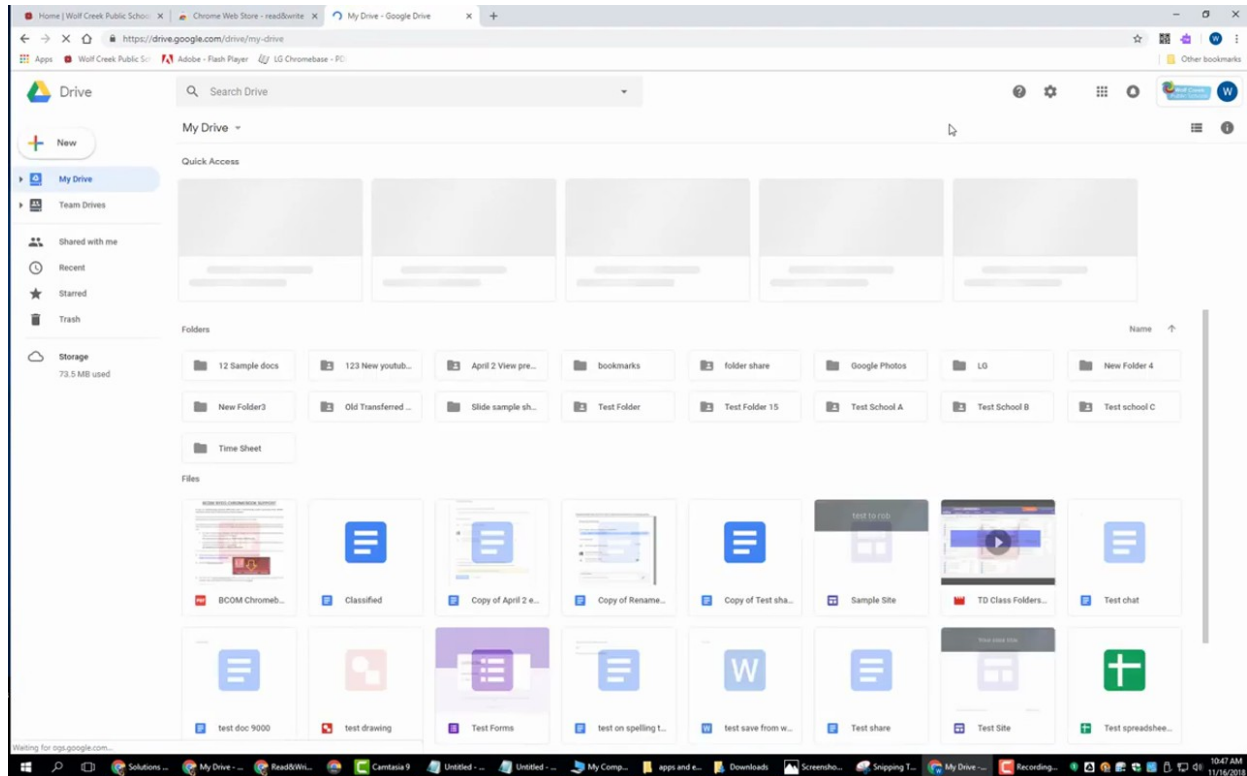

Open Chrome's Extensions menu and select Manage extensions.

Video reference: *Open the extensions page.*

STEP 2 Review installed extensions

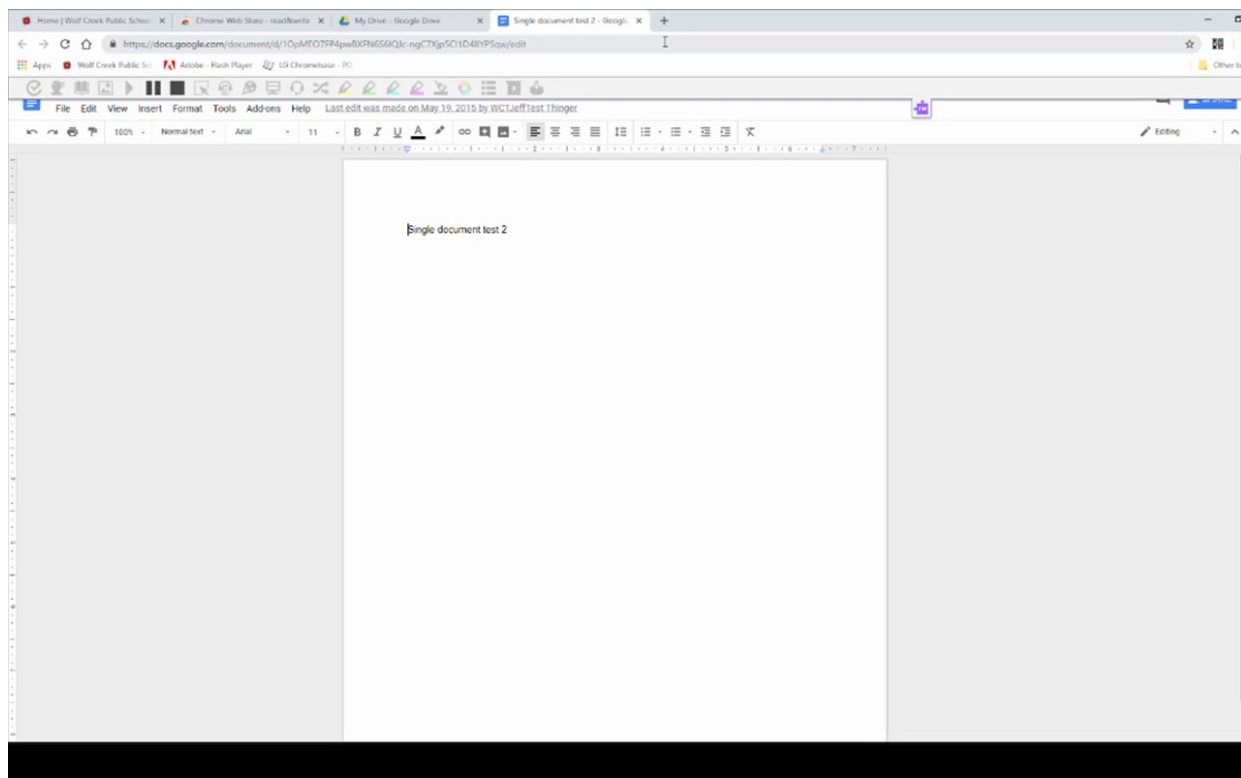

Check the name, publisher, purpose, and permissions of each installed extension.

Video reference: Review installed extensions.

STEP 3 Remove unnecessary access

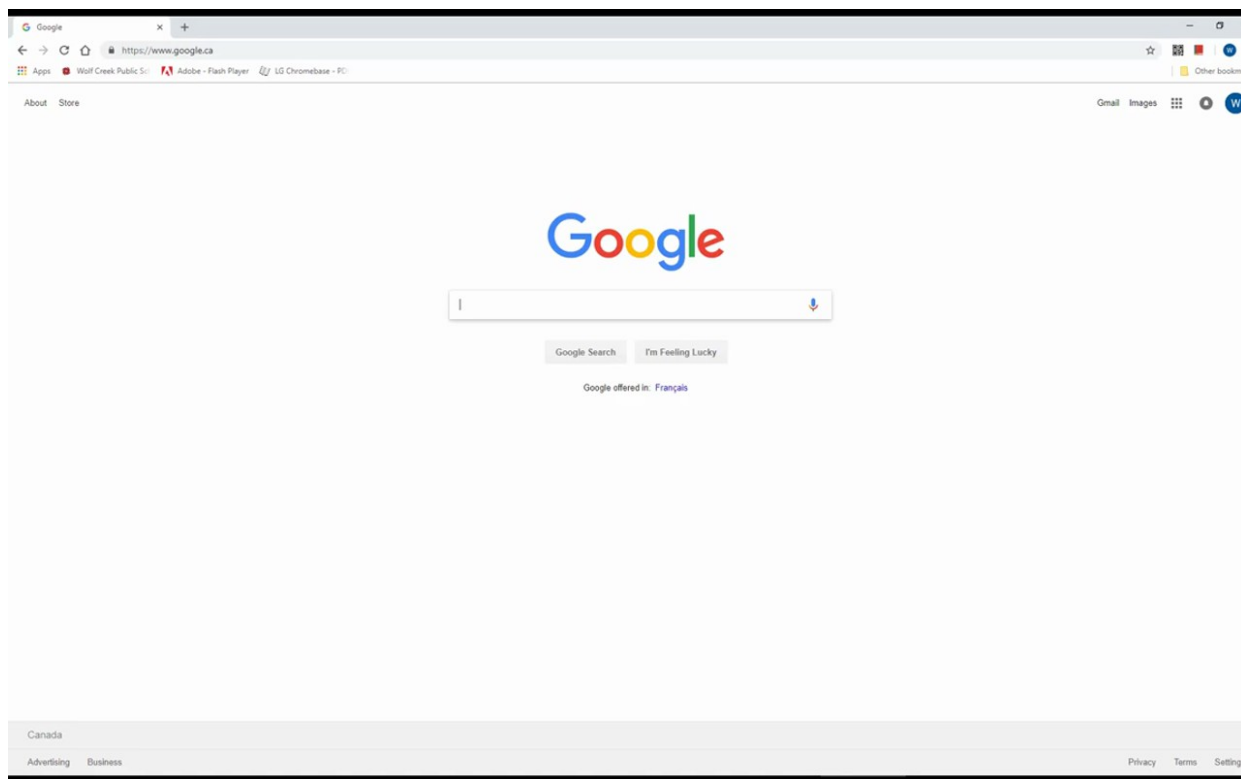

Disable or remove extensions you do not recognize, no longer use, or do not need for work.

Video reference: Remove unnecessary access.

STEP 4 Install cautiously

Use the official Chrome Web Store, review permissions before installing, and avoid extensions that request more access than their purpose requires.

Video reference: Install cautiously.
